#### **Program:**

Jacaranda Circle and 6 MAL have the GCS December meeting responsibilities. We discussed what all needed to be done and who would be participating. The jobs are as follows: Welcome greeter/ hostess, registration/sign in for members and guests, penny pines collection, opportunity drawing ticket sales/drawing, refreshments, setting up decorations on head table, food table, member tables, beverage table, and the purchase of 3 poinsettias for raffle items. Each plant would also include a \$25 gift certificate.

Knowing that a meeting responsibility is one of the requirements for being in GCS, Jan Stoorza agreed to contact the 6 MAL and Jacaranda Circle members not present at the meeting regarding their contribution for refreshments and the raffle items.

Everyone present is expected to help clean up everything after the meeting is adjourned and program completed.

#### **Other updates:**

We discussed the death of Jan Crandall and what she meant to the Garden Club of Stuart, Jacaranda Circle and each one of us that knew her over the years. She was an amazing woman who was passionate about gardening. She was a true dirt gardener. And always sweet and positive. We knew she had dementia but not until a month ago did we learn she also had stage 4 pancreatic cancer. Her calming presence will be greatly missed
